Kuhlman reinterprets the expressive lettering style deployed by graphic designer Roy Kuhlman in his book cover designs, especially those for Barney Rosset's Grove Press in the 1950s. The font was designed in collaboration with Steven Brower and Craig Welsh to commemorate the publication of Brower's monograph, *Roy Kuhlman: Reluctant Modernist*, and is published with the blessing of The Kuhlman Archive. Cut out of paper or masking film, Kuhlman's starkly angular letterforms burst with spontaneity and energy.

DJR draws letters of all shapes and sizes for custom and retail typeface designs. A native of Los Angeles, he began drawing typefaces at Hampshire College and joined The Font Bureau in 2007 where he honed his bézier-wrangling skills. Now he publishes visually imaginitive and technically advanced designs at his own foundry. You'll probably find him in Western Massachusetts.
