POMFRET is a set of titling capitals with Arts & Crafts flair. After years of encouragement from Roger Black, I began the design as an homage to the work of Bertram Goodhue, famous as the architect of the Nebraska State Capitol as well as the typeface Cheltenham. The skeletons of the letters were initially inspired by the tightly-spaced capitals (especially the restrained R and K) found on his cover for The Knight Errant. Pomfret moves beyond its source material, adopting a more contemporary finish with discretionary ligatures, razor-thin hairlines, and restrained, bracketed serifs.
